March 1, 2011

Dear Munusamy:

Congratulations! It is with great pleasure that I write to tell you that you have been accepted to the University of Massachusetts Amherst. The university has received a record number of applications this year and the selection process has been rigorous. You should be proud that your academic credentials and personal accomplishments have earned you a position in the Fall 2011 class as a major in Engineering.

Because of students like you, the vibrancy of our campus is renewed each year as faculty and staff welcome a new class to UMass Amherst. During their years of study and learning, these students develop their own talents while discovering new skills and abilities. At the University of Massachusetts Amherst, classroom exploration is complemented by hundreds of extracurricular activities, community service opportunities, and participation in athletic events.

Please refer to the materials enclosed with this letter for information concerning the required enrollment fee. Also included with this letter is information from the New Students Orientation Program. Please take some time to read through these publications. As always, the most up-to-date information is available on the university website at www.umass.edu/admissions.

Once again, I want to offer you my warmest congratulations on both your accomplishments to date and your admission to the University of Massachusetts Amherst. I look forward to welcoming you and many other highly qualified students to campus. If you have any questions about your admission or any other aspect of the university, please contact us at 413-545-0222. We welcome the opportunity to discuss your future at the University of Massachusetts Amherst.

Sincerely,

A handwritten signature in black ink that reads "Kevin Kelly". The signature is fluid and cursive, with a long horizontal stroke extending from the end.

Kevin Kelly
